Zoe's Experience

Overall, the internship was an invaluable experience that has allowed me to learn more about the London market and its future. I was able to develop long-lasting relationships with industry professionals, learn about various lines of business, and expand upon my current (re)insurance knowledge.

Highs:

- Talks and work shadows were tailored to our diverse interests
- Meeting with professionals from different lines of business and creating long-lasting relations
- Advice from qualified and student actuaries
- Meeting colleagues from the Everest Re London Office
- TOM FROM LOVE ISLAND.

Recommendations:

- Include a few more work shadow opportunities
- Possibly consider incorporating an accountancy firm to see how they advise insurance companies

Matthew's Experience

An unbelievable learning experience! I loved spending time in Lloyds and meeting industry professionals while living/working in London!

Highs:

- Creating valuable connections in the London Insurance Market
- Gaining advice and knowledge to help guide my career
- Sitting on the Chubb Box in Lloyds
- Catching up with friends and professionals within the industry
- The pints!

Lows:

- Too short -wish I could have stayed longer
- Not spending enough time in Lloyds - Hands on experience

Amon's Experience

Leaving Bermuda I wanted to begin my career on the property underwriting side. London allowed me exposure to various lines of specialty business through the rotation which reshaped my view on where I want to kickoff my career. Invaluable experience!

Benefits:

- Claims exposure
- Learning about specialty lines that are not so common in BDA
- Networking with young people who are at the beginning of their career
- Lloyd`s
- **"Vapianos"**

Recommendations:

- Would like to have spent more time shadowing at Lloyd`s
- Maybe include 1 or 2 accounting firms

Imani's Experience

Overall, this experience was nothing short of amazing as it provided insight and exposure to the Lloyd's and London markets, opportunity to develop a global network, introduction to various specialty lines of insurable business, window to absorb plenty of industrial awareness, attain invaluable career advice from professionals.

Benefits:

- ❖ Tour of the Lloyd's building
- ❖ Thomas Miller P&I Ltd.
- ❖ Actuarial pricing and analytics
- ❖ Challenges facing the London market
- ❖ Emerging risks and forward thinking
- ❖ Wealth of knowledge transferred

Recommendations:

- ❖ BFIS: Exposure into the life (re)insurance market
 - Scholars: Apply. Experience. Employ
