As a critical thinker, international business graduate, I understand concepts quickly and have gained multiple skills through work experience and possessing a strong work ethic with an enthusiasm to learn. I look forward to improving my professional development and industry knowledge through further learning and working in the (re)insurance industry. Currently beginning progression towards CPCU designation.

## EDUCATION

**2021-2022**

**POST GRADUATE CERTIFICATE: FINANCE, MANCHESTER METROPOLITAN UNIVERSITY**

Further academic development to specify my knowledge and skills. Modules include; commercial and investment banking, corporate finance, critical perspectives of ethics and sustainability, risk management for financial institutions, international markets and derivatives and international investment operations.

**2018-2021**

**BA(HONS): INTERNATIONAL BUSINESS MANAGEMENT, MANCHESTER METROPOLITAN UNIVERSITY**

Graduated with a 2:1. I have undertaken two creative thinking units, where I have gained valuable skills and techniques that I can effectively implement in the industry. Some course modules include international accounting and finance, international marketing and operations, global business environment and international political economy.

**2016-2018**

**INTERNATIONAL BACCALAUREATE (IB) DIPLOMA, WARWICK ACADEMY SIXTH FORM**

My standard subjects were Spanish, Environmental Science and Math; along with my higher-level courses being Business (6), Geography (6) and English (5).

## EXPERIENCE

**AUGUST-NOVEMBER 2022**

**JUNIOR REINSURANCE ANALYST, ARIEL Re**

Worked on the ceded operations team through a transitional period as Ariel became a managing agency. Focused on quota share ceded policies and had to carry out the processes for payments, withdrawals, Lloyd's requirements, Bordeaux statements, profit commission statements and managing the relations with brokers. Gained valuable knowledge about policy wordings and how the coverage can be used.

**JUNE-AUGUST 2022**

**UNDERWRITING INTERN, CONVEX Re**

Interned at Convex Re with the international property treaty team, learning about the underwriting profession and providing further insight into the reinsurance industry. I have gained experience and developed a better understanding of the underwriting process such as writing policies, quoting pricing, different coverage offered, and analyzing potential cedants portfolios and market trends.

## **JUNE-JULY 2020 & JUNE-AUGUST 2021**

### **CONSULTING INTERN, EY**

Throughout my internship, I constantly was learning and implemented new knowledge in the projects I was tasked with. I worked with the risk and compliance team where I gained experience in client work by aiding in risk control self-assessments, internal audits, proposals, and risk evaluations. In my second year, I also gained experience with the tech risk team, a challenge I pursued to gain further experience. I was asked to work longer when the internship finished aiding with client work as it was a particularly busy period. Gained valuable skills and knowledge in the consulting industry, problem-solving, project management, teamwork, risk analysis and analytical skills.

## **MAY-SEPTEMBER 2019 & PART-TIME SUMMER 2020 AND 2021**

### **TOUR GUIDE AND BOAT CAPTAIN, FANTASEA DIVING & WATERSPORTS**

I gained many new skills such as flexibility and interpersonal skills, particularly when focusing on customer service. I worked throughout different sectors; the boat rentals, jointly leading the kayak, bike, hike and snorkel tours and charter cruises. Teamwork, efficient communication, and safety were always the priority. Shortly after I started, I was given more responsibility as a boat captain. This new leadership taught me the importance of time management and strengthened my communication skills as I would take up to 10 people for a 4 or 8-hour tour.

### ***Cycling:***

I have represented Bermuda internationally at competitive road cycling events such as Junior Caribbean Cycling Championships, Commonwealth Youth Games, NatWest Island Games, and the UCI Road World Championships. My biggest achievements have been winning a bronze medal at the Commonwealth Youth Games (2017) in the time trial and being the Junior Caribbean Cycling Champion in the time trial (2016-2018). Cycling has taught me valuable lessons such as perseverance and commitment, from the intense training requirements. Additionally, cycling gave me the opportunity to mentor young cyclists, using my own experiences to best guide them.
